

Digital personnel procedures for your staff

Agile employees want to work in a dynamic company

Your free trial in just four steps

1st step:

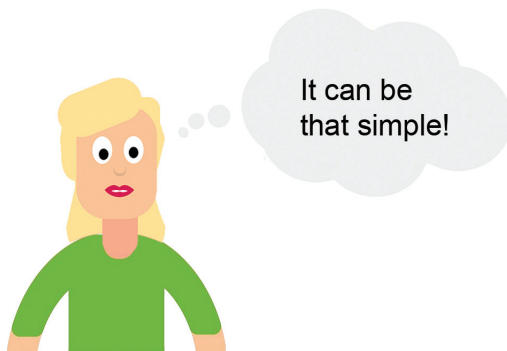

All you have to do is send us an e-mail at contact@danielle-software.com to arrange an appointment.

We then organise an online meeting.

3rd step:

We provide Excel templates for capturing your employees' names. Once completed, you load these data into our software or alternatively we can do this together in an online meeting.

2nd step:

After introducing our software, we will customise it together in order to meet your company's requirements.

4th step:

You can try out all the software functions in your own time. If you are pleased with the software and wish to implement it, you only have to pay between 0.99 and 2.97 EUR per employee and month. If not, there are no costs or risks involved! However, if you decide to use the software, you can modernise your company and reduce your administration costs – result: a modern company for a dynamic workforce.

Why not arrange an appointment right away and try out our solution with no strings attached!
